

*reSolve: Maths by Inquiry* is an initiative of, and funded by, the Australian Government Department of Education and Training. It is a major project under the Australian Government's Restoring the focus on STEM in schools initiative. It is being conducted by the Australian Academy of Science in collaboration with the Australian Association of Mathematics Teachers (AAMT). The project runs from November 2015 to June 2018.

*reSolve* provides principals, teachers, schools and students with resources for professional learning and classroom teaching. Background information is available from <http://science.org.au/resolve>.

## Workshops to be held in March

Come and find out about this project and how you can be involved in trialling the lessons and the professional modules. We will also discuss how this project could fit in with your school plans. This would be a great professional learning opportunity for you and your schools.

Matt Skoss, from Australian Association of Mathematics Teachers, will be here to answer any questions.

<b>HOBART:</b>	Tuesday 7 <sup>th</sup> March	4:00 – 5:30 pm	Guilford Young College
<b>LAUNCESTON:</b>	Wednesday 8 <sup>th</sup> March	4:00 – 5:30 pm	Scotch Oakburn College Penquite Campus
<b>BURNIE:</b>	Thursday 9 <sup>th</sup> March	4:00 – 5:30 pm	Burnie Primary School

Please **RSVP** by Monday 6 March via <http://tiny.cc/tassie-roadshow>.

Please contact us if you have any questions about the project or the workshops.
